ORDER

The Administrative Law Judge did not adequately consider the treating source factors when opining regarding Dr. Li and Dr. Gebrail's physical examination.

After considering the evidence as a whole, the court finds that it is not based on substantial evidence, and that a remand for reconsideration of the ability of the plaintiff to perform light work should be allowed. As such, the court remands this case for further consideration of whether the RFC in this case is light or sedentary work. An opinion can be forthcoming after a review of the administrative proceedings.

This 15 day of September, 2021.

  
TERRENCE W. BOYLE  
UNITED STATES DISTRICT JUDGE
